## Have You a Message for Men?

LET the CITY DIRECTORY carry it home. Enlighten the public as to who you are, where you are and what you have to sell. The City Directory will keep your name before the public all the year 'round. Our copy writers will animate your advertising. And no man well supplied with mental gravity will differ from this: Perpetual Publicity Plus Personality Produces Patronage

# Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

## DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE  
MEDIA DEPARTMENTAL OF THE ADVERTISING  
FEDERATION OF AMERICA

*The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:*

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

## About City Directory Circulation

*The true value* of advertising circulation is *circulation consulted*.

*To be exact* by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

*To be conservative* we will eliminate the sixty Sundays and Holidays when no tests were made.

*For every thousand directories* sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

## INCREASE YOUR BUSINESS

BY Advertising in the City Directory. Others  
 have done it and so can you.

## DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE  
MEDIA DEPARTMENTAL OF THE ADVERTISING  
FEDERATION OF AMERICA

*The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:*

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

## Have You a Message for Men?

LET the CITY DIRECTORY carry it home. Enlighten the public as to who you are, where you are and what you have to sell. The City Directory will keep your name before the public all the year 'round. Our copy writers will animate your advertising. And no man well supplied with mental gravity will differ from this: Perpetual Publicity Plus Personality Produces Patronage

# Common Sense

About City Directory Circulation

*The true value* of advertising circulation is *circulation consulted*.

*To be exact* by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

*To be conservative* we will eliminate the sixty Sundays and Holidays when no tests were made.

*For every thousand directories* sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

# Common Sense

*About City Directory Circulation*

*The true value* of advertising circulation is *circulation consulted*.

*To be exact* by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

*To be conservative* we will eliminate the sixty Sundays and Holidays when no tests were made.

*For every thousand directories* sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$
